Rich and Ryan and the Entire Southern Corrosion Team,

I just wanted to take a few moments of your time to say "Thank You" for being such a dependable, curious and very professional Team!

Also to let you know, your work on our water tower has even impressed the Town Citizens on how neatly and professionally your work has been and all the local people I have had the opportunity to meet thru my working paths has said nothing but Great things and how well your Team has done. They Love Your Work after all it is "Their" Water Tower !

Hope to have a long and continuing partnership with all your entire Team in the coming future

Steve Callahan
Town of Trappe
Superintendent
Water and Wasterwater Treatment
